Seamless Welds

Take the authenticity of your sash windows to the next level by opting for our revolutionary seamless corner welds. Woodgrain only.

Weatherbar

The ovolo shaped weather bar replicates the sashes and outer frame, and is the latest of our design features, developed to create an authentic sash window appearance.

Colourmatching Woolpile

We've paid attention to every detail and as something new we've developed colourmatching woolpile to ensure that every single window is perfectly finished.
